

# Home Learning

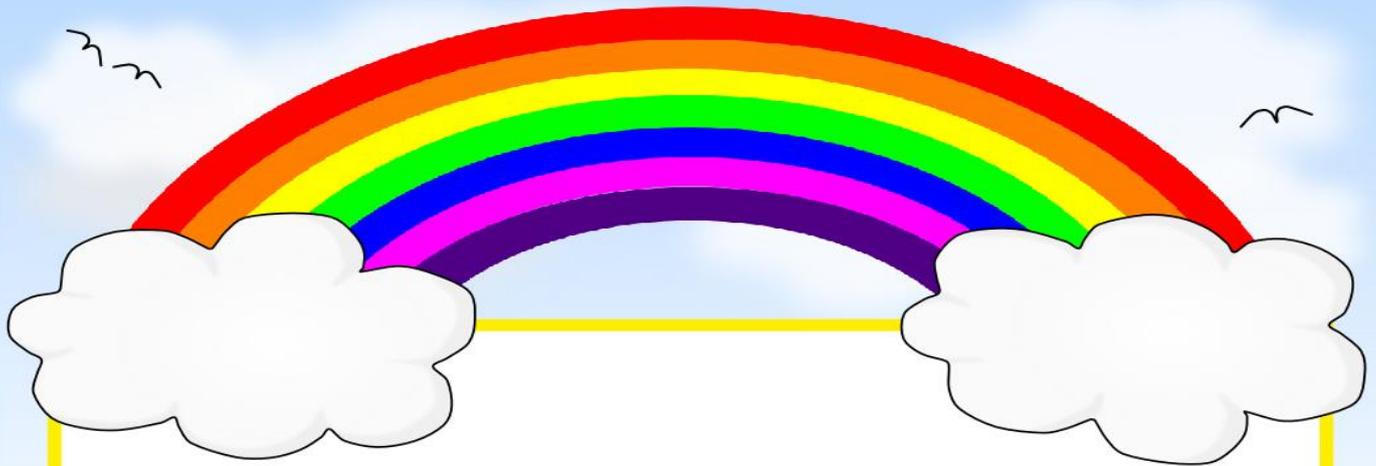

We hope you have enjoyed the challenges we have already set for your child. We thought that you may like some new ones. These new challenges will continue to help construct and support your child's learning.

Paint a flower or a butterfly. You could paint half the picture and fold the paper to introduce the word symmetry.	Become a scientist and explore objects that can float or sink. Can you record your findings?	Make a shop out of anything you can find at home. Can you put a price on everything?	Make a potion or a mud pie in the garden. Can you write a list of what you used, or some instructions?
Grow some cress or plant some seeds in the garden. Can you name the things that plants need to help them grow?	Make up a silly song and sing it to someone in your house. (Why not video call a relative and sing to them too?)	Build a den using anything you can find. Can you use a camera to take a photo of your den?	Measure everyone in your house. Who is the tallest and who is the smallest?
Roll a dice and then jump the number you have rolled. Maybe you could think of different movements to do? Can you add 2 numbers together?	Make some bark rubbings. What other objects can you find to create different rubbings?	Paint with water. Can you spell out some of the words you are learning on the fence or path?	Go on a scavenger hunt. We have attached lots of different challenges.
Make a bug hotel and then go on a bug hunt. How many guests come to live in your hotel?	Search the internet for facts on bugs and insects. Make a bug fact-file.	Use the pictures in your favourite book and retell the story to someone in your house.	Make a rainbow on the ground using chalks.

Have fun completing these challenges!

# Useful websites

<https://www.edinburghzoo.org.uk/webcams/panda-cam/>

There are lots of zoo live webcams. This is Edinburgh zoo; it's great to see the animals in real time!

<https://www.youtube.com/watch?v=o-ZCP91mjeE>

P.E with Joe Wicks - These are fun activite sessions for the whole family. You can access one each day on our school website.

<https://vimeo.com/402600579>

This is a link for a free debutots session. The password you will need is [alienret01](#)

<https://debutots.co.uk/>

This company has visted our children. They do great storytelling sessions. If you register an interest, you can access a free Debutots session.

<https://www.bbc.co.uk/iplayer/episodes/b00jdlm2/cbeebies-bedtime-stories>

A link to some bedtime stories.

<https://www.gov.uk/government/publications/coronavirus-covid-19-online-education-resources>

A government guide to online education resources for home education.
