Exploring and Developing Ideas	Evaluating and Developing Work																									
<ul style="list-style-type: none"> Select and record from first-hand observations, experience and imagination, and explore ideas for different purposes. Question and make thoughtful observations about starting points and select ideas to use in their work. 	<ul style="list-style-type: none"> Compare ideas, methods and approaches in their own and others' work and say what they think and feel about them. Adapt their work according to their views and describe how they might develop it further. Annotate/edit work in the light of reflections. 																									
Painting	Printing	3D	Textiles and Collage																							
Produce paintings on more than once scale, using different sized brushes Create textures with paint	Create and use printing blocks (relief and impressed) Print with two colour overlays	Plan, design and make a model Use papier-mâché/clay to shape and mould finished product	Experiment with more than one material to cover/layer an object																							
Drawing (skills to be developed throughout the year)																										
Lines and Marks	Form and Shape	Tone	Texture																							
Create lines, shapes and marks with a range of drawing implements (charcoal, pencil, crayon, chalk pastel, pen) Use a variety of sizes and gradients	Begin to show an awareness of objects having a third dimension	Explore creating tone using for example different grades of pencil Apply techniques within drawings	Create textures using a range of drawing implements (charcoal, pencil, crayon, chalk pastel, pen)
